

ALTERNATIVE BOARD CERTIFICATION
www.nbpas.org

Join our growing efforts to prohibit MOC as a requirement for hospital privileges and provider contracts with payers

Focus on CME, not MOC

NBPAS is working hard to end Maintenance of Certification (MOC) requirements. Studies have shown participation in MOC does not improve patient care. NBPAS provides a simple, inexpensive alternative continuous board certification based primarily on ACCME accredited CME.

WHY CERTIFY WITH NBPAS?

- Certification based on CME hours completed
- No costly MOC practice assessments
- Efficient use of time
- Physician - run organization
- Unpaid physician leadership
- Cost effective certification
